IN MEMORIAM

Mr. Richard Moore came to South in 1960, and, in the years that followed, he won the friendship and respect of many of us.

After his sudden death on Thursday, February 23 of this year, all who knew him felt a great loss; but we know the only fitting tribute to Mr. Moore cannot be expressed by mere words, but rather by the unspoken feelings in every heart.

As soon as I arrived at South
I found he was my friend

Since that first day
I have learned inner peace

He was very smart in that
you found the problem and the answer without knowing

He always had time
no matter how small or big the question

for some reason Mr. Moore left a little
something in all of us for he was such
a great man I can find no words
for such a description.

for his kindness to people
for his ability to understand the individual
for his long lasting sharing and listening devices
he has gained love and respect

I find myself lost for words
as this man still lives within
I love him dearly

Sue Anthony

There is a growing desire by those associated with the educational process to make a conscious effort to increase community involvement.

Our School Advisory Committee (parents, teachers, and students) has met several times to discuss various areas of concern including aims and objectives, and community resources. A "school without walls" becomes a reality when students tutor elementary pupils; provide interesting programs for the handicapped, and volunteer recreational leadership. At the same time, civic and professional leaders are invited to our classes to participate in practical dialogue.

I should like to thank those students, teachers and community resource people who have provided the leadership and expertise which are vital for an interesting and challenging program at South.

Congratulations to the members of the 1974 graduation class; and thanks to those students who spent many hours recording the events of 1973-1974 in this excellent publication.

W. Howard Capes,
Principal.

Change, change, change. The harsh drum beat of that ancient heresy is loud in our world today, and it is as false a rhythm as ever. The heart of humaness is not change, but constancy. Life is variations on a theme. Variations change; theme is constant.

Technological change may swirl around his life, but the baby's smile is always. Are courage, fear, or joy about to disappear? Should we say goodbye to the delights of sirloin steak and sunny days? Leaves delight in being green; and brooks run down hill. Will the colonists on the moon no longer feel the chemistry of spring, or melancholy when leaves fall?

When all is change there is no memory of yesterday or hope for tomorrow.

The critical task of education is to penetrate the jangling facade of tumult and foster in man that which remains the same, i. e. his man-ness.

Those who remember yesterday, live today, confident of who they are; those who believe in tomorrow, know that what they are today will endure. The French say it well; "The more we change, the more we remain the same". That is the heart of the matter.

J.P. Ryan,
Vice-Principal.

STUDENTS' COUNCIL

FRONT ROW: John Marsden, Rebecca Wiley, Bill Cox, Christine O'Brian, Laurie Aziz. BACK ROW: Darlene Bamford, Ann Lemon, Kim McGregor, Rick Scarffe, Rick Letton, Tim Bird, Wayne Burt, Bob Bocking, Tim Cook, Cookie McGregor, Gail Jennings, Cheryl Atkinson.

This year has proved to be a good year for the Students' Council - a Council built on strong foundations set down by previous Councils. At one time it was possible to satisfy a large majority of the student body with good social events. However, the student's outlook has been changing and with it the role of the Students' Council. The organizations of the Council went through a change this year to delegate responsibilities of social activities to the Social Activity Committee. While still providing good activities, the council has had more time to provide a strong voice in decisions that directly affect students such as the Council's involvement with the School Advisory Committee, teacher evaluations and others.

The Council's concerns have moved outside the school to work closely with the London Intra City Students' Council to reflect student concerns and opinions to the London Board of Education. This year the I.C.S.C. took a genuine interest in student rights and presented a Bill of Rights for London students to the London Board of Education. Also the first city wide student newspaper was produced by the I.C.S.C. and will continue to grow next year.

It is my hope in the future that the role of the Students' Council, with the support of the student body, will continue to grow both in social and political activities, in the community and in the school.

I am very grateful to the students of South for giving me the opportunity of representing them as President of the Students' Council. I would like to thank Mr. Capes, Mr. Ryan, members of the staff, and my fellow Council members for all the help they gave me.

I wish you all the best in the future.

Bill Cox
Student Council President 1973-74

What is a Yearbook?

To me a yearbook is a permanent record of activities of a school in a given year. In this year's book, the staff has attempted to do this not only by using pictures but by writeups and descriptions as well.

Who makes a Yearbook?

People do! People like photographers, section editors, typists, writers and staff advisors. This year I'd like to give my personal thanks to the whole yearbook staff who really helped to turn in into one of the best yearbooks ever. Thank yous go to Peter Martin, Jane Daugharty (photographers) and special thanks to Paul Conty for pictures of the school show. Our Staff advisor was Mrs. Neable and without her we would have been lost.

What's in the name of a Yearbook?

The name of our yearbook is Acta Meridiana. This means Actions of South. We the staff of Acta have tried to hold for you lasting memories of the Actions of South in 1973-74.

Carol Cossar
Editor 73-74.

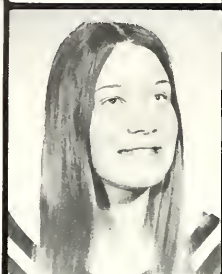

BRUCE AGNEW: Bruce loves to play hockey. During his 5 years at South, he has played both floor and ice hockey. His ultimate triumph would be to coach the London Knights. However, he will probably take electric technology at Fanshawe.

JOAN ALLISON: Joan has been on the G.A.A. and the yearbook staff. She was involved in the bands and enjoyed lunches, football games and field trips. She hopes to attend Fanshawe in 1975.

DOM AMBROGIO: Dom, who hates being called a Wop, played Jr. and Sr. Football during his 5 years at South. He is thus equipped for participating in Franco's Italian Army. He is your man to watch.

JANE APPELMAN: This perpetually peeved beany pusher, Jane, is hoping to become renowned as a medical person, but will switch to Prime Minister of Canada on the tide of success. She starts towards this goal in September '74 at Western.

KIM ARDY: If only a rich, handsome man, not at all associated with chemistry were to appear, Kim would love him Ardy-ently. They would marry and give Kim a chance to use her knowledge of Home Ec. This what she dreams of, except during spares.

DEIRDRE ARMSTRONG: Deirdre liked Biology, but disliked Geography and wants to work on the History of Art. When she is rich and famous, she will go back to Ireland to live happily ever after.

LAURIE AZIZ: "Boogaloo" was kept busy at South by being involved in sports and 2 school shows, along with being G.A.A. president. She will be remembered at South for falling off her Biology stool in grade 10.

CARL BAKER: Carl was hassled by his "acquaintances", "friends", and lack of spares, which, along with Math, he enjoyed immensely. Law or Business Administration are his choices of profession. He warns all graduating classes not to take "Philosophical English".

DARLENE BAMFORD: Darlene was one of the grade 13 Reps. of the Student Council. She liked English but is not sure what she'll take at Western next year. Her quotation for all future grads, "Smile".

CHERYL BARRY: Cheryl attended South for 4½ years, during which time she participated in Jr. and Sr. volleyball, Jr. and Sr. basketball, track and field, the Paris trip in March '73, and yawning in Math class. She hopes to become a nurse through St. Joseph's School of Nursing.

ANDREA BELL: Andrea participated in Intramurals, Jr. and Sr. Bands, Choir, and G.A.A. She liked Chemistry 450, Biology 550, Algebra 553, and "J.". Andrea wants to be a Psychoanalyst, she has a great smile and is always willing to listen.

LORRAINE BETTERLY: Lorraine liked lunch, French and Theatre Arts in her 5 years at South. She'll likely end up in a Hairdressing salon for French actresses.

FRANK BOUTZIS: Frank played basketball and football, and most especially shuffleboard. He liked chemistry with Mr. Ewald but doesn't know "yet" what he'll be doing in the future. Would someone like to make a suggestion?

ALLAN BOYCE: In his 5 years at South, Allan participated in Football, Basketball, and Investment Club, the newspaper, and Affectionately Eva. He enjoyed reading comments on bathrooms and is noted for his jokes and deeply philosophic answers. He plans to be an English teacher.

CHARLES BRENDON: Chuck plans to pursue an advertising career, starting in Windsor in Sept. '74. He enjoyed the kids at South, and will probably be associated, in later life, with wines and rubby dubs.

RODNEY BURDIN: Rodney was involved in chess and was an ardent to the "Reach for the Top Team". He plans to go into journalism, but his ultimate goal is to run for and win some political office.

KRISTA BURNES: During her 5 years here, Krista was known by her friends as the "quiet one". She liked dancing in "Any Fresh Egg", but disliked teachers who still checked homework in grade 13. Eventually she plans to get married, and teach in her own Ballet Studio. Anyone to dance?

WAYNE BURT: While at South, Wayne participated in Jr. and Sr. Basketball, and Volleyball. He was on B.A.A. as a grade 9 Rep. and on S.C. as grade 12 Rep. His advice to future grads is "Take it easy or don't take it at all." Wayne hopes to attend an Art School in Europe.

BECKY CARRUTHERS: In her 5 years at South, Becky was involved in powderpuff football and swim team. She enjoyed watching hockey and football games, and her favourite subject was lunch. Next year she hopes to attend U.W.O.

STEVE CHAMBERS: In his 5 years at South, Steve was in every school show and was active on Student Council as Vice-president in '73. He spent 1 year on the cross-country team (apprentice to Steve Lundy), and travelled to New York, London, and Rockwood with the school. Steve doesn't know what career he will follow.

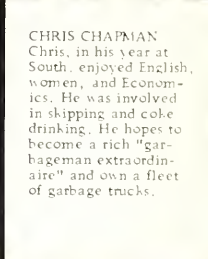

CHRIS CHAPMAN: Chris, in his year at South, enjoyed English, women, and Economics. He was involved in skipping and coke drinking. He hopes to become a rich "garbage man extraordinaire" and own a fleet of garbage trucks.

PAUL CHOVAZ: "Bullitt", in his 5 years at South, has been involved in football, basketball, volleyball, and track and field. He is going to Western in Sept. '74, where he will be just as sensible and full of fun as he is now. Enjoy your Algebra, Paul.

BOB CLARKE: Bob was on Stage Crew for 5 years and in all the plays from "Oh, What a Lovely War" to "Affectionately Eva". He went to Paris and London in '73. Bob wants to be a Civil Engineer.

CHRIS CHAPMAN: Chris, in his year at South, enjoyed English, women, and Economics. He was involved in skipping and coke drinking. He hopes to become a rich "garbage man extraordinaire" and own a fleet of garbage trucks.

SUE CLARKE: Sue was very active in extra-curricular activities during her 5 years at South, from school shows to dance club. She wants to become a "Professional traveler or a spelling teacher", but definitely won't take a major in Math in Sept. at U.W.O.

JOE COLBY: Joe's pet peeve is "8:50 classes". Next year he hopes to attend U.B.C.; may all his classes start at 9:00.

CAROLYN COOK: Carolyn wants to graduate from U. of Waterloo as an architect, but on the sideline will write a book, "1001 Reasons for Skipping Classes". The royalties from the book will go to buying more liquid lunches at the Ridout.

ELIZABETH COUGHLIN: Elizabeth, being serious, didn't answer any stupid questions from the yearbook people. She graduates in June '74, after 5 years, and wishes to go to U.W.O. in Sept. '74 to study Law.

DENESE COULBECK: Denese Coulbeck was singularly uncommunicative. She didn't answer any questions and only stated her name, Denese.

BILL COX: Bill was president of Student Council but was annoying of those uncommunicative creatures. In fact, this write-up was ad lib. Good luck, Bill!

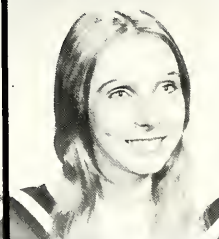

BRIAN CRAM: Brian likes sports - jr. football, jr. track, gymnastics, Intramurals; shows - Any Fresh Egg to Affectionately Eva; and spares, which he probably wishes he could have more of. He goes to Guelph for Veterinary Studies in 1975 and hence, will be associated with a bunch of hounds.

GRAHAM DAY: Graham interests hopefully will be incorporated into a profession at Huron College, but he's still doubtful. He never skipped Mr. Ewald's classes, a piece of good sense he wants passed on to future grads.

LOREEN deVRIES: Loreen went to Athens and Rome in March 1974, liked Miss Mayhew's Latin classes, and wants to make Steve Lundy a pumpkin pie using his sneakers as filler. She wants to go to U.W.O. or U. of Toronto to study for an unspecified medical field.

CATHY DOBBIN: Cathy wants to be a brain surgeon after studying at either U.W.O. or Waterloo for as many years as it takes. She liked English but hopes someday to pass an English course. Who knows whether or not it will help her as a brain surgeon?

LIZ DUNK: Liz Dunk liked school and was involved in many things from dance club to badminton. She was even a prefect. Liz liked the people here, especially the ones at her lunch table. Hopefully, she will continue her good relations at Toronto or Western University in Sept. '74.

LOUISE DUPREY: Louise was happy on the gymnastics team and was famous for her stature. But that won't impede her at Western in the years she's there. "Pass the first time so you won't have to take it again."

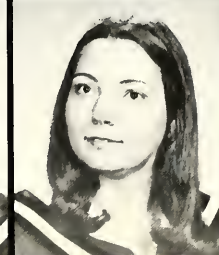

MARK FARROW: Mark didn't like being told to pick up his friends at the Ridout after having so obligingly driven them there. U.W.O. or Wilfred Laurier are his choice of universities for the next school year.

DOUGAL FERGUSON: Dougal likes the Buffalo Sabres and the Ottawa Rough Riders, girls, lunch, euchre playing and other people. He attends Fanshawe in Sept. '74 but is undecided what he will do.

MARILYN FITZGERALD: As a lawyer's Secretary, Marilyn wants to meet all kinds of people, and stay healthy and happy. She vows she enjoyed all the new friends she got to know from September to January. She wishes good luck to all future graduates.

REED FLEMING: "In that long journey we call life, never leave your aardvark double-parked."

- courtesy Reed Fleming

GREG FRANCIS: Greg will be the first one out of South on the last day of school, leaving behind the teachers and Music class. But, irony of ironies, he wants to become a teacher.

A.J. GARNETT: South, so says A.J. Garnett, taught her to do nothing with flair and to say nothing eloquently. This is why we don't have more for her "obituary".

MARY JANE GARNETT: M.J. Garnett was a faithful librarian. She always had her homework done and always understood it. She should make a good doctor.

FRANK GIFFEN: Frank liked golf, curling, phys. ed. and sports. Perhaps one should say he likes exercise. He wishes to become a golf pro, after university at Waterloo or Queens.

KATHY GLASSFORD: While at South, Kathy enjoyed phys. ed., home ec. and the people. She hopes to attend Fanshawe to become a social worker. She tells future grads to "Bare with it".

JOE GLATT: Joe was involved in mg. basketball, jr. football, and badminton. Although he doesn't know what his future profession will be, his ultimate goal is to be rich and lazy, so he won't have to walk to the Ridout when it's raining.

LOUISE GLATT: Louise, when she is rich and famous, and has got a nursing degree, will likely end up nursing the regulars in the "Poverty Pub" or the Ridout. After that she'll die of lung cancer even after she's quit smoking.

KEVIN GLAZIER: Kevin, being a working person, didn't have the time to get involved in many activities, but he did appreciate the atmosphere at South. He liked geography but wants to be a business manager after "college".

NORMA GRIMES: Norma was known for doing her homework habitually at the last possible minute. She liked Home Ec., but just wants to be an "educated tramp".

FRED HAGGLUND: Fred Hagglund, who has two G's in his name, enjoyed grade 13 because it was the last year of high school. He played in sr. band, enjoyed philosophical English and wants to live. Quite an order! He hopes all future grads will get involved.

BARB HALL: Larry was Barb's favourite subject, but she also enjoyed football and hockey games and practices. She was involved in powder puff football, cheerleading, and track and field. Eventually she wants to be a "happy housewife with a lots of little weasels running around".

DAVE HAMM
Dave hated getting up at 6:45, catching the bus at 7:45 and arriving at 8:45, just in time for his least favorite subject, Algebra. He endured it stoically so he could become an engineer at Western, starting in Sept. '74.

CHRIS HANSEN: Chris liked the people and the atmosphere at South, contributing wild schemes and fish stories to make time pass even more enjoyably. Waterloo is his choice of university and Engineering his choice of career.

DEBBIE HARRIGAN: Debbie will attend U.W. O. to become an occupational therapist. Her favourite subjects were Economics and Chemistry during her one year at South.

DAVE HARRINGTON
Dave went to Paris in 1973, and was involved in both Jr. and Sr. Band, and in Cross-Country. His favourite subjects were History and English. His ultimate goal in life is to get out of school intact.

PETE HAYMAN
While at South, Pete was involved in curling and basketball. He had no favourite subject, but will always remember the trip to Ski-Hi.

JEAN HAYDEN: Jean made a memorable trip to Paris in '73, and another to England and Wales in March '74. She liked Miss Mayhew's Latin class and enjoyed Biology. She wants to go to Guelph someday soon.

MARY HAZELWOOD: Mary went to England and Wales in March '74, and she says her 5 years at South went quickly. She plans to attend Fanshawe next year to become an X-Ray technician.

KATHY HENRY
Kathy enjoyed Latin, chemistry, biology, and working on the newspaper. She plans to go into sciences next year at Western, but still hopes to find time to write her poetry.

DAVE HESSEL
At South, Dave participated in football and track and field. He plans to attend the University of Medway Creek in '75, where he hopes to escape being asked what relation he is to Ted.

SANDIE HILLMAN
"Stilt" was in volleyball, basketball, gymnastics, golf, and Apocalypse. She disliked lifting gym mats over her head, but enjoyed calling Mr. Hessel, Ted. She hopes to attend U.W.O., but will probably become a professional greens keeper.

MADELEINE HIMMELSBACH
Madeleine, during her 5 year stay, was very quiet in the halls of South. She enjoyed science, biology and spares. Her ultimate goal is to succeed in life, and wishes future grads the best of luck.

ROZ HOBART
Chemistry with "Wally" was Roz's favourite subject at South, maybe it will help her in her chosen profession as sod farmer. Roz hopes to attend either Trent or Laval University in '76.

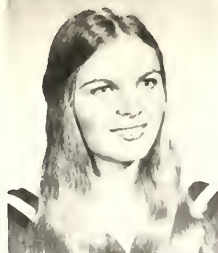

PETE HUSTON
Pete liked, as all of us do, lunch, spares and breaks between classes. Geography was his preferred subject. He hopes to attend Western in '74 and go into an interesting career, Oceanography.

NANCY JENNER
Nancy liked the intricacies of chess (chess club), and the labyrinths of the brain (Biology), so she wants to be a neuro-surgeon, graduate of McMaster.

ALISON KYRO: Alison disliked the juke box, but she liked all the subjects and the friendly people at South. She goes to Toronto to study Law or to become a famous author.

ANNE HODKINSON: At South, Anne liked Math and meeting people at 3:15. She hopes to become a dental hygienist, with a degree from either U. of T. or U.W.O.

JIM HYSEN: Jim was active in football, volleyball, Jr. band, and South's school shows. He was noted for his excellent taste in clothes but that won't help in either Veterinary practice or Forestry, or will it?

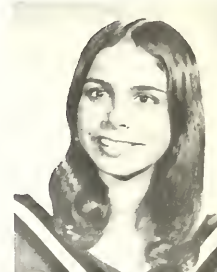

PAUL LaGUTA: Paul enjoyed the enchanting teachers during his 3 years at South. He plans to attend Western and pursue an engineering career. Paul's ultimate goal in life is to grow to be 6 feet tall.

ANNE HOLLAND
Anne played in Jr. and Sr. band, and enjoyed music class and football games. She wants to become a medical secretary after studying at Fanshawe in '74. After that, she just wants to make it through life.

SANDY JACKSON: Sandy liked anything which was not school work, especially Jeff. After she completes the Phys. Ed. course at U.W.O., she wants to marry a rich aquanaut.

TIM JENNINGS
Tim liked "Math-emagic Land" but didn't like the South girls who had no time for dates. He'll make a good companion to Donald Duck.

KIM LEONARD
Kim wants to be a prune picker, growing marshmallows and shooting pink kangaroos. Obviously he is going mad. Can anyone help?

RICK LETTON: Rick participated in South's shows, football, and hockey. His mustache, which follows him wherever he goes, will give him a distinguished air when he is a business administrator from Wilfred Laurier University.

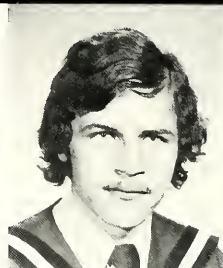

STEVE LINTNER: Steve's favourite class was Business. He is looking forward to being poor and unknown after U.W.O., but hopes to eventually become rich and famous.

STEVE LUNDY: Steve participated in B.A.A., basketball and most important, in track and field and cross-country running. He hopes to study medicine at U. of T., starting next year. He advises future grads to "run for their life".

CRAIG MANNING: Craig ran on South's cross-country and track teams. He tells future grads "Nils carborundum, illigiti ni". We will not bother with a translation . . . ask Craig.

BORIS MARKOWSKI: "Spasky" had a taste for fine ale and beer, but he did like football. He wants to replace Larry Little as guard on the Miami Dolphins. Western will be lucky to have him on their football squad.

JOHN MARSHALL: John delighted in being photographed. Maybe he'll make this his hobby at Western next year, Engineering being his major.

CAROL MASON: Carol didn't like listening to speeches before receiving report cards, but did enjoy a trip to Britain in March '74. Western is her choice of University, and either Math or Science her major.

EVERTON McCAULAY: "Spider" participated in football, basketball, and track during his 3 years at South. He went on the England-Wales trip in March '74. Ev hopes to go to McMaster to become a Phys. Ed. teacher.

MARK McKINNON: Mark contributed to school shows and badminton at South. His favourite subjects were English and spares at the Donut Shop. He plans to continue his education after taking a year off.

ALICE MIHM: Alice liked the school shows (she took part in the Wizard of Oz) and the "great" English courses. After attending Western, she hopes to become an English teacher.

GRANT MOORE: Grant was involved in Jr. and Sr. football and Jr. band. His pet peeve is nosy yearbook questionnaires, but as modesty is his most outstanding characteristic, one can hardly blame him.

DAVE MUMA: Dave was involved in band, investment club, and wrestling at South. He hopes that when he is a famous geologist (thanks to his start in Mr. Kennedy's class and to his studies at U.W.O.), that he will write a perfect questionnaire.

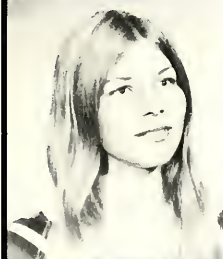

LYNDIS NEAL: Lyndis has been at South for 5 years. She went to England in '74, participated in skating club, and loved Latin. She hopes to go to Western in 2 years.

VALDIS NIEDRA: Valdis liked Chem. 450. He will go to U.W.O. in the fall, but is not sure that he'll "pursue" a career. His advice to future grads . . . "Think a lot".

ED NOULTY: Ed liked lunch and spares, but then, who doesn't? He plans to be a lawyer after faithfully attending U.W.O., just as he has faithfully attended here.

DEBBIE ORMSTON: Debbie likes horses and motor scooters, especially her own. She enjoyed the refreshing change of atmosphere at South. She'll go to Maple Valley School of Horsemanship in Sept. '74, to become a riding teacher and horse trainer.

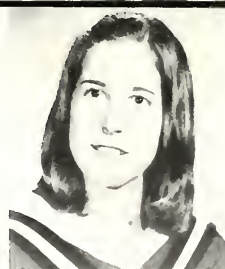

LARRY PARK: 'Weasel' competed on the football, hockey, swimming, and waterpolo teams in his 5 years at South. Larry hopes to attend U.W.O. next year to become a dentist; and then retire as soon as possible.

KAREN PATERSON: Karen enjoyed Biology, and having breakfast with Mr. Ewald in the chemistry lab. She wants to become a nurse from Western, starting in Sept. '74. Her advice to future grads "South is great to visit - 2 or 3 times a week!"

RICK PATTERSON: Rick worked as a prefect, played in school band, and went on the England-Wales trip in '74. He liked Geography and Chemistry, but enjoyed his lunches the most. Rick goes to Western in '74.

DIANE PEARSON: Diane spent her 5 years at South in the spirit club and band. She hopes to go to Western next year and graduate as a nurse, but may end up as a cold tablet tester.

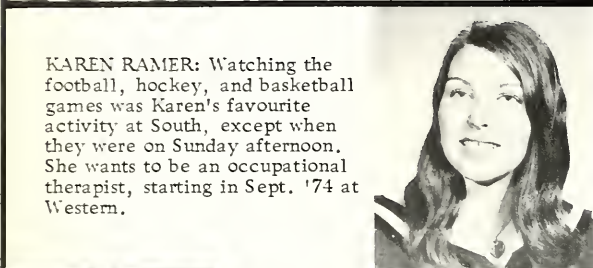

GREG PERKINS: Greg played in South's school bands and was a member of the football and cross-country teams. His pet peeve was being "saved" until the last game.

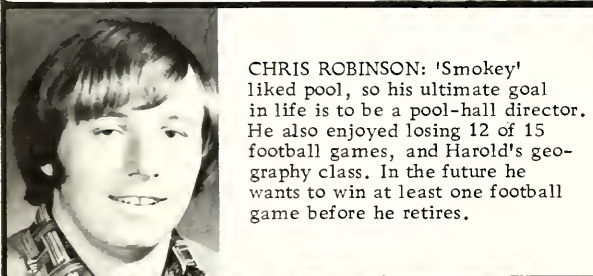

DON POTTS: Golf and Curling, and the ensuing victory parties were what Don enjoyed most at South. He hopes to go to Western next year. His future profession is undecided for the time being, but his ultimate goal is to have controlling interest in Labatt's.

DARLA PRYDE: Darla was in gymnastics, track and field, volleyball, school bands and at many football and hockey games. It seems logical then, that she become a Phys. Ed. teacher at Western, starting in Sept. '74.

KAREN RAMER: Watching the football, hockey, and basketball games was Karen's favourite activity at South, except when they were on Sunday afternoon. She wants to be an occupational therapist, starting in Sept. '74 at Western.

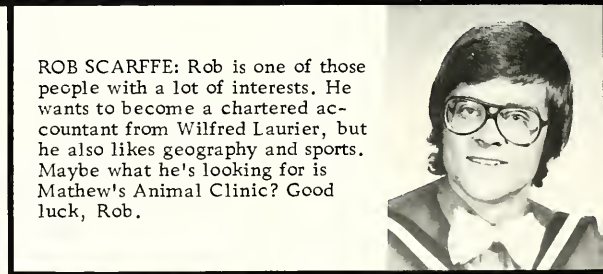

CHRIS ROBINSON: 'Smokey' liked pool, so his ultimate goal in life is to be a pool-hall director. He also enjoyed losing 12 of 15 football games, and Harold's geography class. In the future he wants to win at least one football game before he retires.

JOHN RODGERS: John liked the "Friday afternoon draught club" at the Ridout and car races on Belgrave Ave., but he hated Friday nights at the library. He wants eventually to sober up and marry a rich girl, but till then.

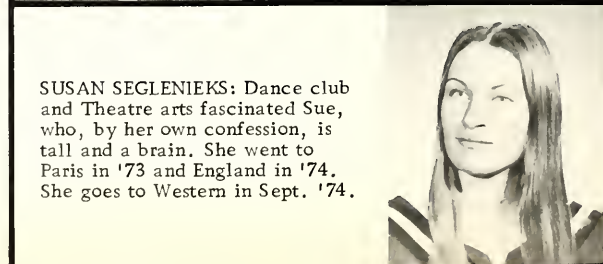

ANN RUSSELL: Ann acted in "Affectionately Eva", and enjoyed the people at South. Her favourite subject was English, but at Waterloo next year she hopes to go into recreation.

ROB SCARFFE: Rob is one of those people with a lot of interests. He wants to become a chartered accountant from Wilfred Laurier, but he also likes geography and sports. Maybe what he's looking for is Mathew's Animal Clinic? Good luck, Rob.

CONNIE SCHILLER: Connie is noted for being short, bright, and vibrant. She likes Jamaica, and hopes to eventually teach school there. She wants to be associated with Howard Hughes; but what he would be doing in Jamaica, we don't know.

SUSAN SEGLENIEKS: Dance club and Theatre arts fascinated Sue, who, by her own confession, is tall and a brain. She went to Paris in '73 and England in '74. She goes to Western in Sept. '74.

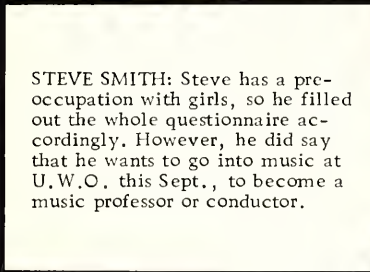

BLAIR SIMPSON: Blair participated in basketball, football, and track and field. He liked the Nurse's room and Mrs. Ruddle's health class but enjoyed chemistry above all. He wants to go to Wilfred Laurier in Sept. '74. His advice for future grads; hold the doors open for the ladies.

PATTI ANN SLATER: Patti's favourite subject at South was geography. She hopes to go to U.W.O. or Waterloo in 2 years. When she is finished University with a Phys. Ed. degree, she will keep in shape by being a porter at a Holiday Inn.

LYNNE SMITH: Lynne participated in gymnastics, track and field, cheerleading and danced in all the school shows. She attends U. W.O. next year, and hopes to graduate in nursing.

STEVE SMITH: Steve has a pre-occupation with girls, so he filled out the whole questionnaire accordingly. However, he did say that he wants to go into music at U.W.O. this Sept., to become a music professor or conductor.

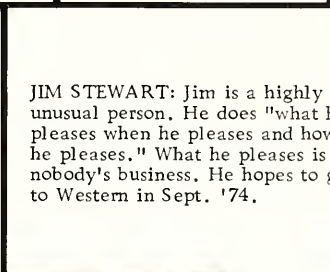

PAM SODAWATER: Pam participated in basketball, on the G. A. A., and went to Vancouver in '72 as South's young voyageur. Perhaps in 10 years, she will be head nurse of the Florence Nightingale Society, affiliated with Western.

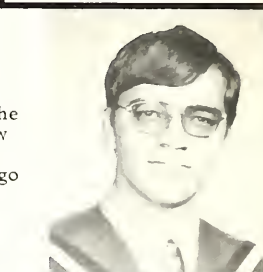

SUSAN SPEAKE: Sue worked in the library and on South's spirit club, and played in "Anything Goes". Her favourite subjects were Geography and Home Ec. She is not yet sure of her future plans.

PAM SPENCE: Pam was involved in the school bands, and competed on the swim team. She wants to be a Math teacher or a Computer programmer, after taking Maths at U.W.O. Obviously she couldn't be a Spelling teacher.

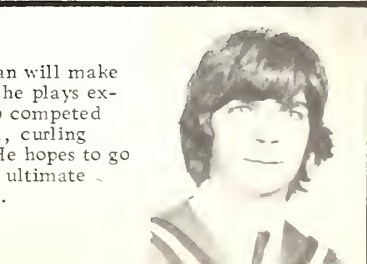

JIM STEWART: Jim is a highly unusual person. He does "what he pleases when he pleases and how he pleases." What he pleases is nobody's business. He hopes to go to Western in Sept. '74.

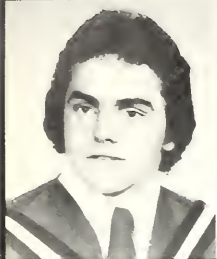

TODD STEWART: While at South, Todd enjoyed Stu's chemistry class, playing hockey with the boys, swearing, and sleeping (mostly in physics). He hopes to go to Western next year, and to graduate in anything that will make him rich.

BRIAN TARVIT: Brian will make a good businessman; he plays excellent golf. He also competed on South's basketball, curling and hockey teams. He hopes to go to Western, with the ultimate goal of enjoying life.

DAN TONER: Dan was the captain of the wrestling team and was also involved in gymnastics. He enjoyed watching the basketball games, and his favourite subject was Chem 550. Dan wants to go to U. W.O. to become a Biological lab Technician.

JANE TRAHER: Jane was only at South for 1 year, so did not have a chance to get involved in too many activities. She hopes to attain a B.Sc. in nursing and be associated with all her friends.

ROB WENDT: Rob's favourite subject at South was industrial arts. After 4 years, Rob does not know what he wants to become, but hopes to attend Fanshawe College.

BRENDA WHITE: Brenda in her 4 years at South was a great asset to the school bands. In the future she plans to work with younger children, and hopes to have some of her songs and poems published.

DARLENE WILSHE: Darlene liked the teachers at South because they seemed to have a personal interest in each student. Her best subjects were math and biology, but in the future, hopes to work in a bank. She advises future grads not to get engaged because one loses interest in school work.

JANE WILSON: After 1 year at South, Jane found she enjoyed the people, but not people who don't laugh. Her favourite subject was Phil. English. In the future Jane hopes to attend U.B.C., to become a physiotherapist.

SKIP WILSON: Skip liked Math and 3:15, and was especially noted for being late. He wants to become an agriculture expert (farmer) from Guelph.

CATHY WORRALL: Cathy's favourite subject was Theatre Arts. She was involved in "The Wizard of Oz" and "Affectionately Eva". Her ability to disappear by standing sideways will likely prove a great asset in life when she is in danger, or bored.

CONNIE WORRALL: Connie liked all the friendly people and all the well-taught subjects at South. Her choice of University is either Huron College or U. W. O. in Sept. '74. Her advice; "Try never to take anything in life too seriously, especially yourself".

BOB WYATT: Bob participated in football, and gymnastics, but is best known for his funny cartoon characters. He enjoyed film arts and business law. Bob will attend U.W.O. next year, but is not yet sure of his future profession.

LOQUACIOUS GRADS

JOHN DORSCHT: John attended South for 1 year, and is graduating in June. While at South, John played on the school Hockey Team. He plans to go to Western, next year, but is not sure what his future profession will be.

SHARON HUME: Sharon spent 5 years at South, "s" "searching for wisdom and knowledge". Her favourite subject was Math. with Mrs. Katz. Sharon was especially noted for her punctuality in handing in assignments. This will likely help her in her future pursuit of happiness in the cheapest college or university that she can find.

PAULA McINTYRE: Paula's favourite subjects, during her 4 years at South, were Geography and Latin. She also had a great time on the trip to Greece and Italy in March 1974.

TERRI NELLIGAN: "Poopsy" was involved in just about everything around South: basketball, football, track & field, cross-country, swim team, volleyball, and G.A.A. Her favourite subject was Theatre Arts, and she really enjoyed acting in "Affectionately Eva". Good luck next year at Western, Terri.

GARY STEPHENSON: Gary spent 5½ years at South. He was on the Swim Team, but preferred lunch and week-ends. His pet peeve: Life. Gary has no future plans, as yet.

Just like "the horse that wouldn't quit", our Junior girls were the team who wouldn't quit. In all five playoff games the team played, they gave the opposition a very comfortable ten points plus lead by half time. Most Junior teams would have accepted this half time defeat as foreshadowing of the final outcome. NOT SOUTH JUNIORS!!! They were the second-half team of the season. The players left the bench, charged on to the court and with a burning desire to overcome defeat. They played a fast-breaking, alert, aggressive and highly skilled game of basketball. Slowly, but ever so surely, the South Juniors turned the tide, the score board registered our rising score and their declining score. Each time, in all five playoff games, the buzzer signalled the end of the game and another SOUTH VICTORY.

This year the Senior girls' team played outstanding basketball. With the addition of some great graduating juniors and outstanding returning seniors, the team finished 3rd in regular season play and advanced to the division finals where they were narrowly defeated. The spirit, enthusiasm and team play demonstrated by the girls, made the team an excellent representative for South.

JUNIOR GIRLS' VOLLEYBALL

The junior girls' this year had an outstanding team finishing league play in second place. The girls went on to the Division Semifinals playing a best two out of three match with South emerging victorious over Banting two games to none. While all this was taking place, C. C. H. had their hands full defeating one of South's most fierce volleyball competitors, Central, in their Division Semifinal game. This gave South a better chance in the Division Finals. On the team went to the Division Finals where they played a best three out of five game series winning the match over C. C. H. three games to none. After soundly beating C. C. H. the girls went on to the Conference Finals beating Montcalm three games to none. The team agreed that during the season, Central provided the most serious challenge.

Between league games South played in a couple of tournaments, once again showing their exceptional athletic ability. At the Saunders Invitational, which included fifteen teams, the juniors wound up in second place overall. During another all day affair, against twenty-five other stiff competitors, South claimed a second place overall once more.

Finally the team got their chance to show WOSSA just what a determined bunch of girls can do. From the very first match to the very last the girls went undefeated, bringing the WOSSA plaque back to South for the second consecutive year.

Each girl contributed her share to make the championship possible. Jill Ross, Co-Captain and most valuable player, was selected from volleyball players, in Ontario and will be attending volleyball camp this summer. Outstanding members of the team are Jane Lawson, also Co-Captain, and Cookie McGregor. Joanne Sharratt, Jane Daugherty and Lisa Jenner showed the most improvement in their games while promising juniors for 75 are Lynn Bailey, Tina Hefferman, Barb Nugent, Brenda Hodgkinson and Ellen Haygarth. Last but not least, honourable mention should be directed to Mary Stock, Statistician; Sharon Manuel, Scorer; Janice Smith, Linesman; and Betsy Hames, Manager.

Although fine athletes these girls couldn't have done it without the help of their coach, Mrs. Janet Stewart. It was a great year. Thanks Mrs. Stewart.

SENIOR GIRLS' VOLLEYBALL

This year's volleyball team was composed of twelve shining brilliant, physically fit new up and comings. Now we'll talk about South's team. We had great fun directing and producing a "really big shoo" with special guest stars, Eddie and Billy, combined with the dead bear and the Indian Rope trick. We had a good season making it to division finals. Thanks for the memories.

Kim McGregor and Karen MacDonald both attended the Ontario Volleyball camp for selected athletes, which is sponsored by the Ontario Government. The girls were coached by Mr. H. Toyoda, the world famous volleyball coach.

The third WOSSA Championship of the 1973-74 athletic season came home to South on Sat. May 25, 1974. Our Junior Girls' team was responsible. Jill Ross, who was the Junior Girls' Individual Champion, anchored the team with firsts in all 3 events: hurdles, 200M, and long jump. Jill also anchored the last leg of our Super relay team - Angie Tzanis started us off, passed to Jane Lawson, who passed to Joanne Sharrat and then to Jill.

This same relay team went to OFSSA held in Toronto.

At the OFSSA meet, Jill placed 2nd in hurdles, and third in long jump. Simone Gibson threw the javelin at OFSSA. She came to this meet with the best throw in London Conference and the second best throw in WOSSA.

At the London Conference Track meet, the Junior Girls' won the team trophy and Jill Ross won the individual trophy.

SENIOR

Colourful leaves on trees, birds flying south and Mr. Clark's incessant hollering at the Senior Lions all herald the coming of fall and the football season. This year the team, sifted out from ranks of four, five and six year men, was an awesome pride of Lions. They worked hard and diligently at practices yet at games they suffered heartbreaking losses, often losing by no more than one or two points. For this reason they fell short of the play-offs, which they would have reached had games they lost by so little gone in their favour. Though many players are leaving, the team's future will be secure with first year seniors and upcoming juniors. Good luck to the graduating Lions.

JUNIOR

South Junior Lions had a good season on the gridiron this year. Under the leadership of Mr. Hessel and Mr. Benny they compiled a five win three lost record. They began the season with a convincing 27-6 victory over Central and then ran out a 4 and 0 record by beating Banting 12-2, Oakridge 27-1 and Saunders 12-6. Westminster turned the tide, winning 23-14 setting the stage for a 14-0 upset by Lucas. The Junior Lions recovered their composure for the semi-finals, to play their most aggressive game of the season, beating CCH 10-0. In the final for the western division, the game see-sawed back and forth in a snowstorm with South finally scoring a single in the fourth quarter. Oakridge then caught fire and scored two unanswered touchdowns to win 14-1. Coach Hessel gave the team all the credit and said it was the best team he has ever coached.

Neither wind, rain or driving snow can stop the Junior Lions from their appointed task - winning.

VOLLEYBALL

The men of the Senior Volleyball team had a very active year in League and Tournament play. With only one experienced player on the team, there were many chances to build character and intestinal fortitude. Next year should not only be fun but also more successful, since we expect to have a complete starting line-up of experienced players. Question: Will Dave McKinlay and John Hayden really be the spikers on the team in 1974?

"Streaking" came too late for the Cross-country Team this year but they did some fast running nevertheless. Under the leadership of Mr. Olein whose mathematical mind calculated distances and times, the Junior Boys' Team raced to a London Conference Championship and fifth place at WOSSA. Don Ross and Jim "Stretch" Dowling (who began streaking when basketball season came around) put in fine performances. Steve Lundy, the best high school runner in London, placed first at both Conference and WOSSA and made a good showing at OFSSA, zooming up and down the snow covered peaks. With Steve graduating this year, South will lose their best ever track and cross-country runner. In his five years he has piled up many victories and records and it is hoped his future will be filled with success (and Norwegian allergies - whatever they are)!

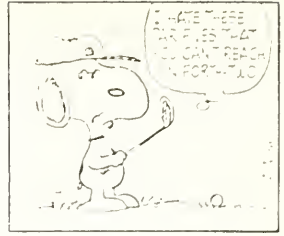

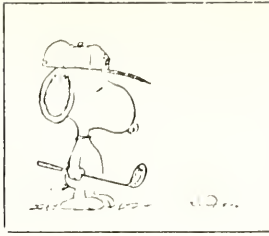

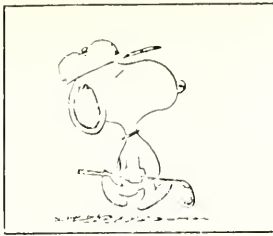

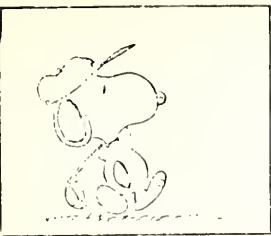

Congratulations to the Junior Boys' Cross-Country Team

GOLF

Mr. Underhill is really better than that. In fact from all the coaching he has done, he has gotten almost as good as his boys. And his boys are the best (or nearly). They placed fifth in WOSSA, with Kevin Breviek taking top honours in the tourney. A great bunch of guys - making up a great team - from spring to fall their clubs shall swingth ever forth.

BASKETBALL

SENIOR

Senior Basketball at South this year was good. By good, I mean that the team worked well and won a respectable number of games. I do think that the South Senior Lions could have, and should have won a greater number of games through greater dedication and team work. Next year I would like to see a South Basketball team win the London Finals like I know they can. South, next year has the personnel it needs to be the 'big' winners in basketball - I hope the players dedicate themselves to the task.

E. A. Hodgson

ROW 1: Terry Hopkins, Ev McCaully, Clyde Adkin, Tim Cook. ROW 2: Paul Chovaz, John Hayden, Frank Boutzis. ABSENT: Coach, Mr. Hodgson; Len Luksa, Roger McLeod, Brian Fones, Bill Coffin.

MIDGET

Our boys Midget Basketball Team proved they were better than Glencoe, 81 - 21 - not quite as good as Oakville, 67 - 23 - better than C.C.H. for half of the Western Division Championship - equal to Mont-calm, 34 - 33 on their court.

Some long, wet, cold walks; some sleepy, tiring, early morning practices - some wins, some losses - all went to make up a great season.

W. Rice

JUNIOR

During the past year the Junior Basketball team had a tremendous season. They finished third in the regular season with a modest 6 - 6 record. In the semifinals they defeated Central 49 - 33 and the Junior Lions won the division title by beating the previously undefeated Banting Broncos 35 - 34. After leading for most of the game in the finals, South lost to Beck, 41 - 39, in a very exciting game. A week later the team played in WOSSA against Tillsonburg and lost to the soon to be throned champions, 60 - 45.

The team work and enthusiasm exhibited on the Junior Lion team were key factors in their success. Congratulations players - an outstanding season for an outstanding group of guys.

TRACK AND FIELD

Track season went fast this past year. Even faster if you ran behind Steve Lundy, Don Ross, Ev McCaully, "Moon" Rivers or Jim Dowling (well the first two anyway . . . maybe the next pair . . . the last guy . . . well . . . he's pretty good too). And even Steve Rice showed some talent, overcoming all obstacles to reach WOSSA.

The field boys put a lot of effort into their shot for good Conference and WOSSA showings. Herm Van Ryn and Steve Catton especially. And even the rest of the team almost took that long jump to the finals.

A good season all round (. . . the track, that is).

GRADE NINE INITIATION

I'm going to be a star now!

Every year South is invaded by those Nifty Niners, who add confusion and general disturbance to our halls. There are a few characteristic traits which are common only to those Notorious Niners.

- reading handicaps: Who Else Would Try To Pull Open A Door Marked PUSH?

- could there be some reason why Mrs. Jay's French Fry Stand is cleaned out during the first week of school?

- who could those four foot giants carrying five foot binders possibly be?

By the fourth week of September, the strategy for the Battle of the Juniors was put into action. Trick the "enemy" into a false feeling of security by inviting them to a barbecue! After all, what's so hard about eating a forty pound hotdog? (Surveys show the meat content to be all of five percent).

Those who managed to find some Bromo Seltzer and make it to school the next day, found themselves trapped in a fate worse than death. On Dress Up Day the number one thought was "How do I get from Class A to Class B without someone seeing me?"

Those who felt that they'd clean the week up by attending that "No-Sleep Sleepover", found themselves GETTING CLEANED UP, when they were invited in for an unsolicited shower. Needless to say, if you did sleep, it was with one eye open.

All kidding aside, welcome to the Den of the South Lions, Niners! We're glad you're here.

COMMENCEMENT

Commencement was held on October 26th and was presided over by Mr. Capes. Mr. Mann was the guest speaker, introduced by former Student Council President Rob Aziz, and after some words of wisdom was thanked by Paul Currie.

Last year produced many distinguished scholars, among them thirty-eight Ontario Scholars. Scholarships to the University of Western Ontario, Huron College, and York University were won by South students. John Abadjian won the George Williamson Young Memorial Scholarship; and the winner of the Queen Elizabeth scholarship, and Scholar of the Year was Gail Clements.

London Board of Education awards were won by Catherine Fletcher, Susan Mechalko, Sharon Dryburgh, Nick Gettas, and Robert Fetchison. One hundred and forty-eight students were awarded Grade XII Graduation Diplomas, and one hundred fifty-two scholars earned Honour Graduation Diplomas.

The Valedictory Address was delivered with poise and dignity by Pam Velos, then the scholars and guests celebrated with coffee in the cafeteria.

CHRISTMAS AUDITORIUM

The Christmas auditorium of December 21 was the debut of a spectacular production of *Howie the Red-nosed Reindeer*, written and produced by Donald Bocking and Dave McLeod. The cast was composed of assorted teachers portraying their inner beings. The story was old, but the cast made it young and vital again, with such memorable visions as Miss Mayhew and Mr. Hauch telling Mrs. Hamilton there is no Santa Claus, Mr. Davies flitting about in green, and Howie learning to fly.

The other outstanding part of the auditorium was the presentation by President Bill Cox and Rick Letton of numerous awards to the teachers. Mr. Kennedy received a silver-plated tray to collect garbage which he never uses, Miss Mayhew received some Roman Brio which we hope she never uses, and Mr. Davies received a cork mute for his trumpet which we hope he always uses, to name but a few. All in all, it was a festive occasion, and a fitting prelude to the holidays.

AFFECTIONATELY

Affectionately Eva, written and directed by Mrs. Woodman and Mrs. Hamilton, and performed by a brilliant South crew of actors, dancers, film makers and speakers, was an experience worth trying. Although not all of it was understood by all of the people all of the time, it was clearly the story of a woman, viewed in her various archetypes. Some of the most memorable sections were the film "Eva" by Laurie Aziz and Steve Chambers, Graham Day and Sandee Currie as Romeo and Juliet, Steve Chambers and Kim MacGregor as Antony and Cleopatra, and Terri Nelligan and Steve Chambers' performance from "Endgame". With all of its performances sellouts, the show was a popular as well as an artistic success.

MONARCHY 1973-74

This year's South's monarchy consisted of two girls and one guy. Heather Gregory, Miss South United Appeal represented us well, during United Appeal week. Laurie Aziz, was crowned Queen at the Fall Semiformal and didn't find her King, Jim Kysen, until the night of the Turnabout in February. As they are in their graduating year at South, we wish them the best of luck in the future.

ATHLETIC BANQUETS

Every year South holds two Athletic Banquets. Awards are given to deserving athletes and people who have contributed the most to the Athletic Associations, during their years at South. This year the B.A.A. Banquet came first. (due to lost negatives, no pictures were available) The guest speaker was Mr. Walt McKeckine. As well as team honours special awards were given. The HONOUR ATHLETE was Steve Lundy. The OUTSTANDING JR. ATHLETE was Jim Dowling. OUTSTANDING GRADUATING ATHLETES included Frank Boutzis, Blair Simpson, Larry Park and Dan Toner.

The G.A.A. Banquet once again drew full attendance. The '74 Banquet was served in style by Grade 13 students (Paul Chovaz, Rick Letton, Todd Stewart, Steve Chambers, Gramham Day, George McGaffin, Don Potts, and Wayne Burt). Entertainment was provided by Mrs. Hamilton's dance class. This years guest speaker was Fran Wigton. Her award for the outstanding Athlete was given to Sandie Hillman. The Jessie MacFarlane Award was won by Laurie Aziz.

The Awards of Merit were given to Andrea Bell and Sandy Jackson. A special award was given to Louise Duprey for her outstanding contribution to gymnastics. Leaving the Phys. Ed. staff this year are Mrs. Joyce Ruddie and Mrs. Ginty Stewart. A special good-bye to these two great people was given and we are sorry to see them leave. Mrs. Ruddie was Staff Advisor to G. A. A. and Dept. Head during her five year stay at South. Also leaving was History teacher and Coach, Mrs. Moreland.

DANCE NIGHT

Tuesday May 28th was a date that had been thought and planned and prayed for. The music began and we danced. We danced and danced. At 8:00 the house lights dimmed, the stage lights brightened. We took our positions. For the first time we had a real audience out there. Four months of dancing to empty seats and suddenly there were our parents, our teachers, our friends who helped, - - - our audience! Those are things I remember when I think back to that night; but when my mind is ferris wheeling through its latest carnival and May 28 stops at the top, I remember other things. I remember my face wet with sweat smiling me through my plies and when my face didn't always show it, I was still beaming. Later, all of us - all the dancers laughed together, happy, together. After four months, our night had come. We had probably done it before but for the first time we felt we were dancing, we knew we were dancing. Together we had touched dance; and dance had touched us.

MEMORIES OF MARION

AWAY BOUNCE MY BUBBLES

At the Twenty Third BiAnnual Marion Woodman Temporary Retirement Party I read a twelve page biography of the little lady which hardly did justice to my subject but managed to give the gathered celebrities and V.I.P.'s a little something to chew on. (as it were.) Adding insult to injury, I have just been asked to edit that biography from it's previous insufficient length to something even smaller which will nicely serve the purposes of this yearbook. 50 - 100 words they say. (81 words so far.) (now it's 85.) Yes, well enough of this - it's quite impossible. Besides, the big kick with yearbooks is pictures. Everybody knows that. Who cares what your stupid pet peeve is? We just want to see if you used to have acne.

Suffice to say she's a wonderful lady and I love her like mad. (spiritually of course, like the rest of her philosophy students.) Anyone who thinks she's retired from teacher obviously never had her for a teacher. Anyone who's said goodbye to her and actually meant it obviously never said hello. Anyone who's reading these words when he could be looking at the surrounding pictures obviously doesn't know how to read. As for the story of her life - well as far as I know she had a slight acne problem in her late teens but through an almost religious pursuit of her very own personal hygiene program she was able to keep it nicely under control. Then she went into teaching for awhile, retired for a bit, returned to teaching, retired for a bit, returned to teaching, retired for a bit . . .

LAKEHEAD UNIVERSITY THUNDER BAY

We teach you to lead.

Unlike most universities, we're committed to the *total* development of our students. Sure we offer an intensive academic programme in Engineering, Science, Arts, or Administration. But there's a lot more to the Military Colleges than classrooms. We're the only university in the country with 27 sports. We're the only one to offer you leadership training with a guaranteed summer job. And, after graduation, we offer you a job that makes the most of your ability to lead. As a commissioned officer in the Canadian Forces. Constructing a landing strip in the Arctic, for example. Or, in other parts of the world, fighting pollution, helping the sick and starving, working for peace instead of for profit.
